Association of Radiation Oncologists of India (AROI)

PROADVANCE 2021

TRENDING UPDATES IN RADIATION ONCOLOGY WEBINAR SERIES

24th - 26th November 2021,
5:30 PM-8:00 PM

Webinar Link-

<https://webstream.streamcart.com/live/sunicroprodvance2021>

Association of Radiation Oncologists of India (AROI) has always focused on being at the forefront of academic and research activities in radiation oncology all across the country, covering all aspects of radiotherapeutic management. Radiotherapy has witnessed markedly rapid progress in cancer care. Present day radiation techniques aim to reduce the complications and increase tumor control. Stereotactic radiotherapy has made it possible to deliver radiotherapy without any major side effects. PRODVANCE is a career oriented initiative for young radiation oncologists, organized by Indian College of Radiation Oncology (ICRO), academic wing of Association of Radiation Oncologists India (AROI), which is organized every year at Zonal level. This programme will be organised by the AROI and ICRO itself through the webinar series. Trainees in the subject and radiation oncologists with less than 10 years of experience are encouraged to register (Latest by 21st November 2021). Kindly register early so that you will not miss this webinar.

We are pleased to invite all of you at PROADVANCE 2021.

NATIONAL OFFICE BEARERS

President, AROI
DR. RAJESH VASHISTHA

Principal Consultant & Medical Advisor,
Max Superspeciality Hospital,
Bathinda (Punjab)
Mobile: 9316911970
